DISCLAIMER

First let me begin by making one thing very clear! I am NOT a financial advisor, it is illegal for me to give you financial advice! Please seek the counsel of a qualified practitioner, for anything you hear me say. I don't know your individual circumstances, it would be wise to have a professional look into your situation personally.

What I'm sharing here is what God's Word says about debt, borrowing and lending. I can only speak in hypothetical terms, I'm just telling you what I would do, having learned strategies from very wise people who are much more qualified than myself to give advice!

Dear (To Whom It May Concern),

As you know I am in debt to you for _____ and it is my sincerest intension to pay what I owe you in full, plus interest. In order to accomplish this objective, I have devised a plan recently, to put myself in a stable financial position.

So consequently, I have opened a “Debt Elimination Account” (DEA), and 20% of all my income will be paid into this account. This will allow me to have sufficient means to live on, pay the debts I owe and prevent me falling into further debt.

Each month you will receive a check for _____ from my “DEA,” until my debt with you is cleared. I am aware that this is not the sum, I had previously agreed to pay you, but I am sure you understand and appreciate what I am doing.

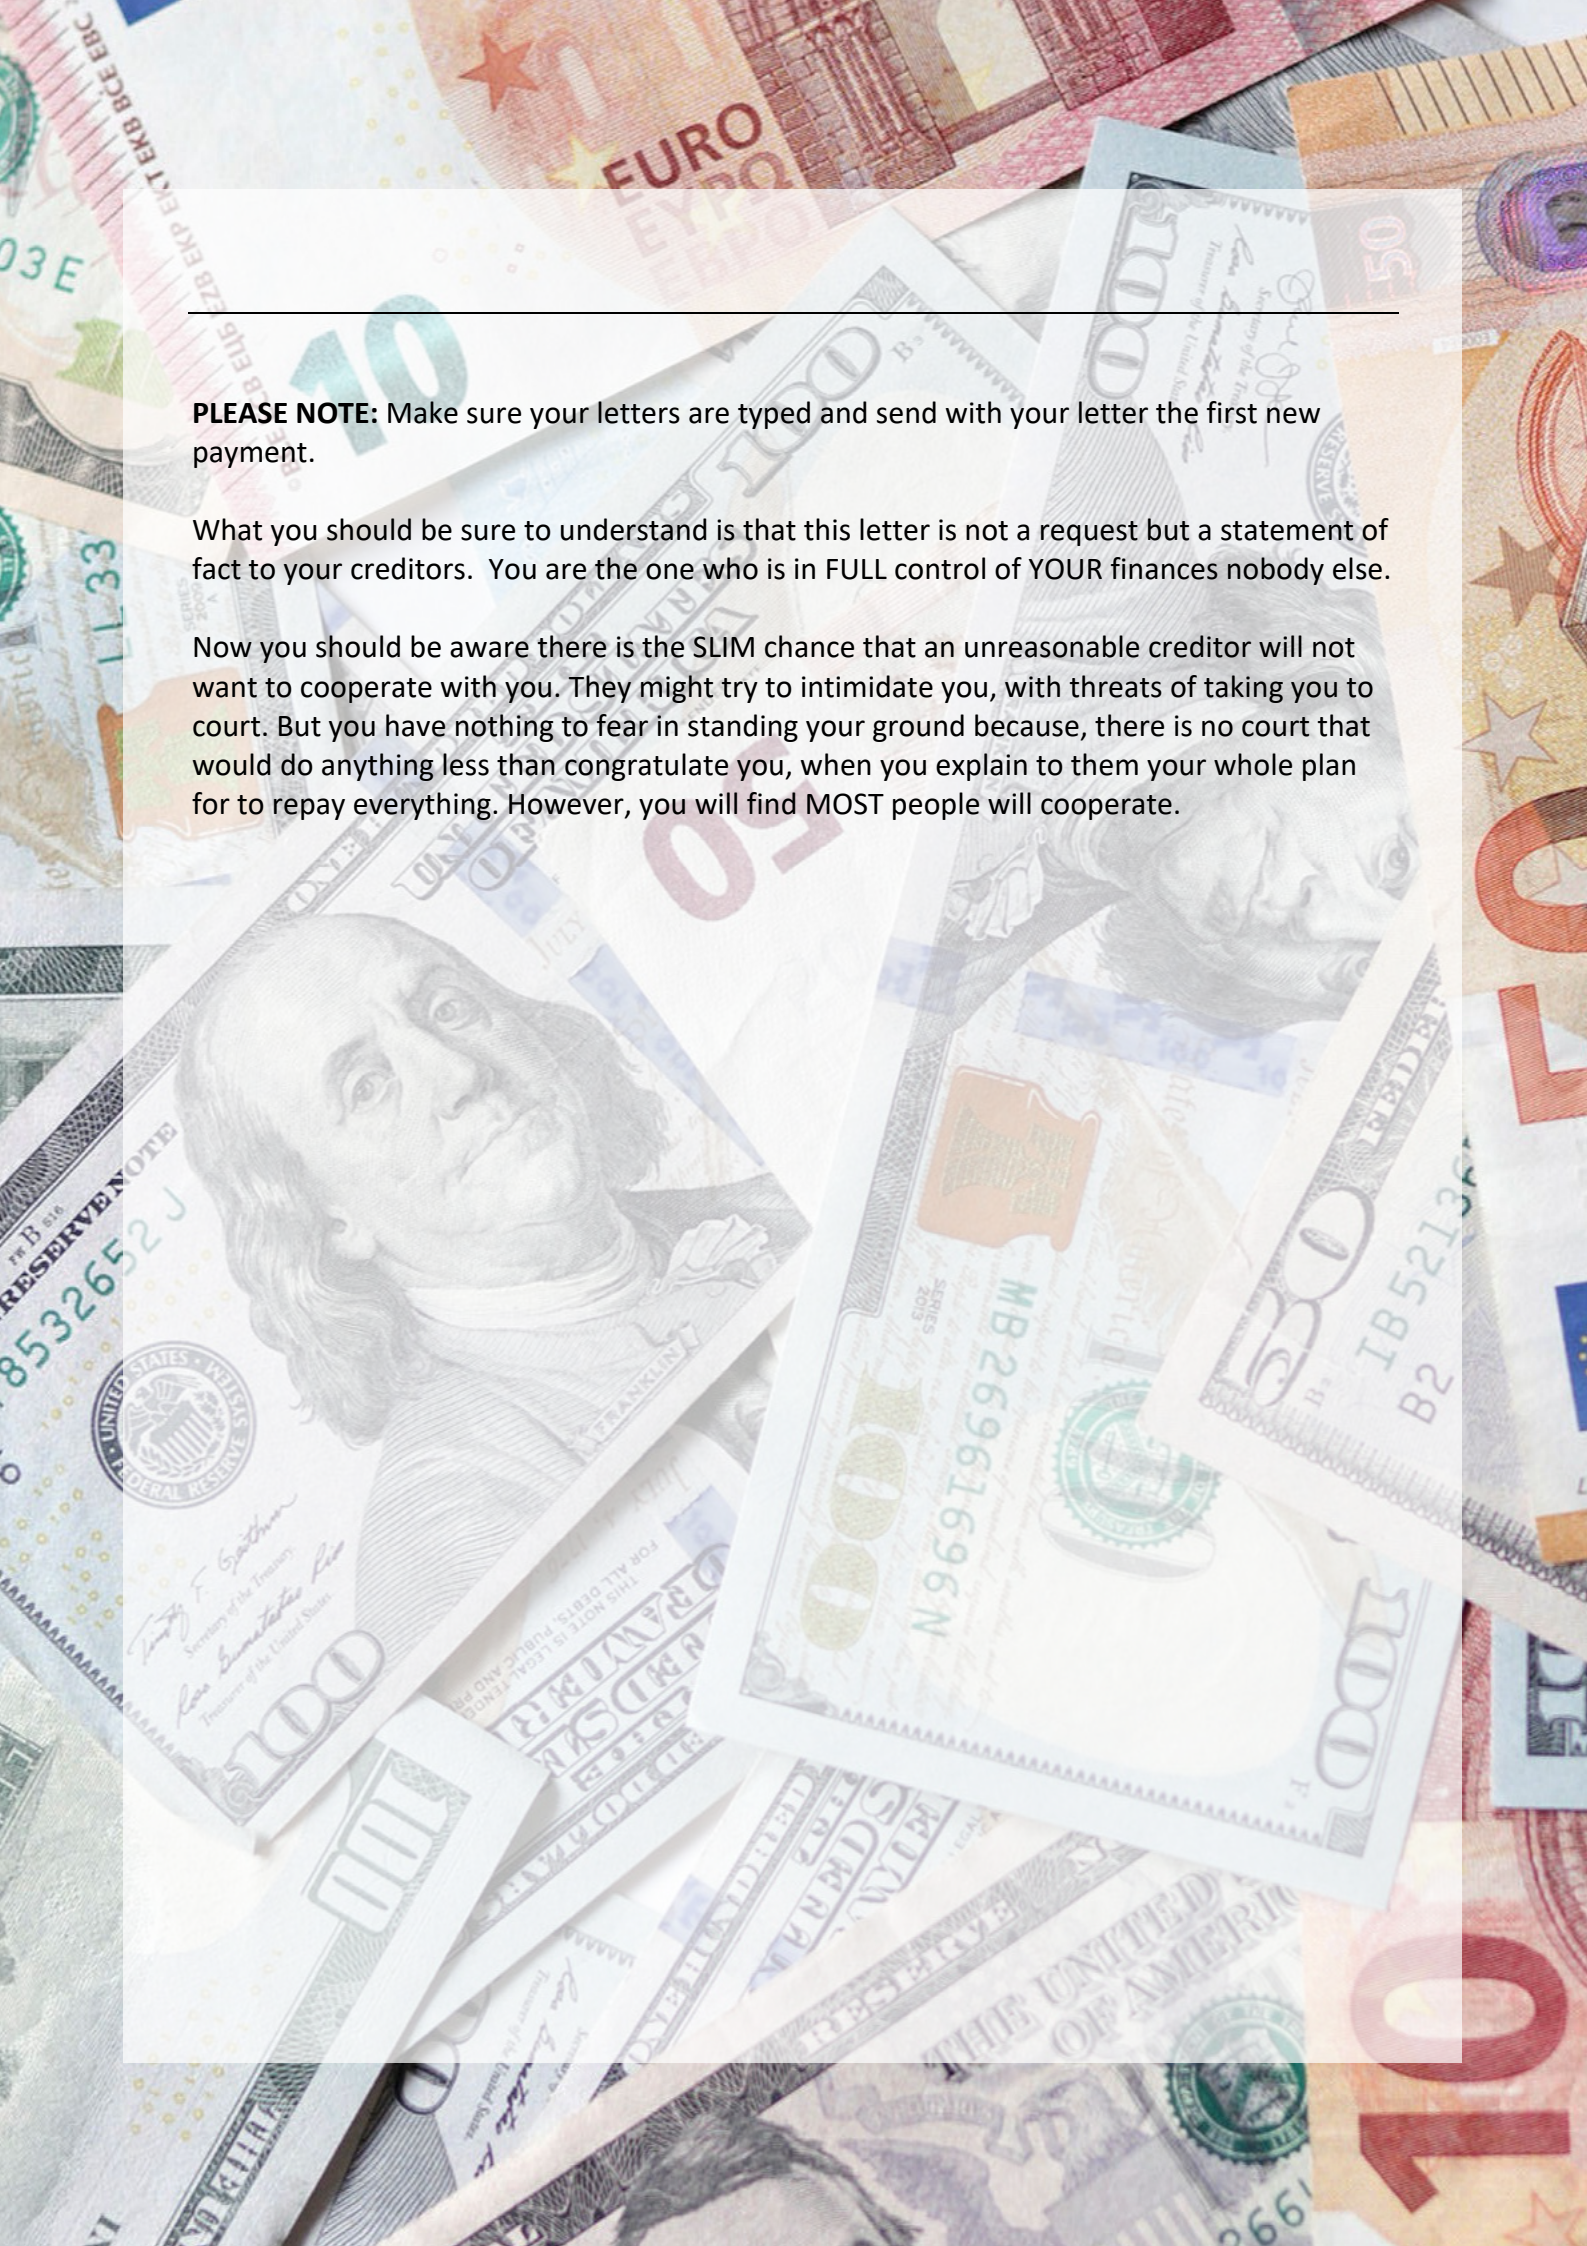

Should you have any questions, please feel free to contact me. I am quite thrilled with these new plans and if you so desire to have me, go through them with you, so that you might assist others who are in your debt, I would be more than happy to do so.

I would like to take this opportunity to thank you in advance for your kind cooperation.

Have a wonderful day!

Sincerely

(Your Name)

The background of the entire page is a collage of various US and Euro banknotes. Visible are US \$100 bills with Benjamin Franklin, US \$50 bills with Ulysses S. Grant, and Euro 10 and 50 banknotes. The notes are layered and slightly tilted, creating a textured, financial background.

PLEASE NOTE: Make sure your letters are typed and send with your letter the first new payment.

What you should be sure to understand is that this letter is not a request but a statement of fact to your creditors. You are the one who is in FULL control of YOUR finances nobody else.

Now you should be aware there is the SLIM chance that an unreasonable creditor will not want to cooperate with you. They might try to intimidate you, with threats of taking you to court. But you have nothing to fear in standing your ground because, there is no court that would do anything less than congratulate you, when you explain to them your whole plan for to repay everything. However, you will find MOST people will cooperate.
