The Secrets of The Successful Mind

The secret to success is in something called your success blueprint. It's the way you think, feel and act about accomplishing things. Regardless of who you are, young or old, educated or not! At the end of this message, it will be your conviction, that it's your success blueprint which is the determining factor to whether or not you will experience success.

Your success blueprint creates your habits, it determines whether or not you will achieve mediocrity or outrageous advancement. You're gonna learn here why you may not be reaching your optimum potential and EXACTLY what you can do to change that.

So, we will begin with the psychology of success... Now you and I live in 2 worlds The visible world and the invisible world. The spirit world and the natural physical world. Most people operate by what they perceive in the visible, natural world!

Take a moment here to look at this tree... Let's call this tree, the tree of life! What do trees grow? Fruits. In real life the fruit our life trees grow are called RESULTS. So what most people do is look at the fruit growing on their tree or the results/circumstances they are experiencing and decide they don't like them. They don't taste as good as they want, there's not enough of them or they're too small etc.

And what they tend to do is focus on the results they're getting or the fruit on their tree. And they want them to change. But rarely do they look at what caused the type of fruits to grow on their tree in the first place. So what causes the fruit we see, the seeds we plant which grow what? Roots! And it's the roots which under the ground which aren't visible to us in the visible world above ground! Question if we don't like the type of fruit, we see growing on our tree can we change it. Absolutely YES! How?

By changing what's produced at the roots! In the invisible world Which will eventually determine what fruit grows on the tree in the visible world. What's underground produces what's above ground. What's invisible creates what is visible.

So, if you want to change what's visible, where are you going to pay attention? You got it, the invisible things. You're gonna have to change your thoughts and feelings.

Remember We exist in 2 worlds, we change what's visible with what's invisible. What we do with our Mental and emotional faculties of the mind in other words our thoughts and feelings determine the quality of the roots in the invisible spiritual world. Which ultimately determines the quality of the physical visible surroundings around you!

Your physical material visible world is merely a printout of the roots in the spiritual world you live in and the printout you see is determined by your mental and emotional activity. NOTHING happens in the visible world BEFORE it happens in the invisible world.

The Secrets of The Successful Mind

Success is a fruit a physical visible result of successful thoughts and feelings. Health is a result, prosperity is a result, peace and joy are results, sickness is a result, poverty is a result, stress and misery are results. We live in a world of cause and effect.

The language we have in our minds and speak out loud are good indication of what the invisible world is causing in the visible world, being printed out. So, if we want successful visible printouts, we must begin by making sure the language we speak is successful & positive language. What we put in the invisible world is, what we get out in the visible world. So, a good way to begin guaranteeing that the visible world we see is congruent with what we consider to be success is to make positive declarations to shift our minds blueprint to a successful blueprint permanently. And get perpetually positive outcomes.

Now you may think, man that's just spooky and unnecessary, well you know what I'd rather do the spooky and unnecessary and be successful, than a sane underachiever.

So, if you want to join me and the rest of successful people out there, repeat after me, "My inner world creates my outer world"

Your current blueprint is responsible for the results you experience. You can know everything there is to know about success. But unless your success blueprint is preset for a high level of success, you will never, achieve successful results and if by some chance you do, it will slip away and you will slip right back to your current level of success. For example, someone like Elon Musk can lose all his money and have it back again, because his success blueprint is preset for an extremely high level of success. Lottery winners can win millions and within years they are back to where they were before they had the money. Because they got the fruit, without it being caused by the roots which create that level of financial success. So, the moment they get that fruit they immediately start on their journey back down to the level where their preset blueprint is.

So, if you decide now to preset your blueprint for high levels of success, although the fruit or results you see currently do not correspond, eventually they will come in alignment and your print out will be a replica of your blueprint. You can call yourself successful before your when your blueprint is preset for success before the printout corresponds with it. God calls things which be not as though they were. In Genesis while Joseph was a slave, it said He was a prosperous man! Why because his blueprint was patterned after success.

Every aspect of our blueprint is a result of what we have been taught by others, our parents, authority figures, religious leaders, friends etc. Whatever your blueprint has been isn't important, what is important to recognise is that, whatever your blueprint is, it's something you have been taught. If you were taught and fashioned after an unsuccessful blueprint the good news is you can relearn a successful blueprint, the same way you learnt the unsuccessful blueprint, which currently frames how you think.

The Secrets of The Successful Mind

Here is how your mind was programmed to be the way it is! Once you understand this then you can use the same methods to write the programme you want to be your blueprint. There are 3 methods by which your mind is programmed: What you hear other people say, what you see other people do and what you personally experience.

So, what you need to do is make sure from this point on that what you allow yourself to hear and the people you allow yourself to observe are congruent with the level of success you wish to experience. And begin emulating the speech and actions of those with the successful fruit or results you wish to have in your own life.

A good exercise to implement is to draw a T Chart and on the left side write the negative messages you are accustomed to hearing regarding something you want success in and on the right side of that write a more empowering point of you, it may well be a text from the lips of God. For example, if you're going to attempt something and the message you hear is, "they're not gonna let you do that" write that on the left side and write on the right hand side, "No man shall be able to stand before me all the days of my life, as God was with Moses He is also with me" Then read the empowering statements out loud 3 times every day AND whenever a negative thought comes up. Until you have accomplished what you want. Words have power, life and death is in the power of the tongue, with the fruit of a mans lips His belly shall be satisfied the bible says.

How? Well, when these empowering statements or texts are consistently repeated, your programme gets rewritten. Your mind becomes saturated with thoughts of success and empowerment, so much so, you will find your thoughts, feelings, decisions and actions are governed and directed by positive empowerment that your printout lines up with your blueprint. Your results line up with your mind. And your results were caused by the positive declarations you began made!

Your fruits are determined by your roots nothing happens in the physical/visible world without it happening in the invisible/spiritual world first!

The Levels of Success

The level at which your current results stand is directly related to the minimum level of the quality of the conditions, your mind is willing to tolerate as acceptable. Much like a thermostat and room temperature, when the thermostat is preset to a certain temperature, the moment the temperature drops below the level it is used to, it won't tolerate it, it kicks in and stays on until the temperature, is where it is preset to be. The moment it gets to warm it cuts off. The thermostat is fixed on one level, whether too high or too low. It will do everything it its power to ensure the temperature condition of the room stays where it is. If you want the room to stay at a higher temperature permanently, what do you have to do? Change the settings on the thermostat. If you aren't satisfied with your current level of success and results and you want to go higher, change your thermostat and what you tolerate as

The Secrets of The Successful Mind

acceptable. You will find ways to empower you to perform to the level you want to accept.

So, let's look at adopting the mindset of successful people... So, we can think the way they think and kick off the process of manifestation. Remember THOUGHTS lead to your FEELINGS which lead to your ACTIONS which lead to your RESULTS...

So, let's compare what unsuccessful people believe with what Successful people believe: Unsuccessful people believe... "I can't help what happens in my life"
Successful people believe... "I am responsible for the circumstances in my life"

If you noticed, unsuccessful people blame while successful people take responsibility. Unsuccessful people play the victim and successful people are the victors. Unsuccessful people blame other people and circumstances for where the results they are experiencing. The other thing unsuccessful people do is JUSTIFY everything. They accept mediocrity as their lot in life and say oh it's not that bad, success isn't important.

Success is important, it's important to God, productivity is important to God, all the things God leads us to do are for success. He says in Isaiah I am the Lord your God who teacheth thee to profit. He said in Joshua meditate on His Word and **YOU** will MAKE your way prosperous and have GOOD success. Who makes your way prosperous YOU do! God is willing to bless but He puts the responsibility on you. So, don't ever sit there idly and think to yourself, this is my lot in life and this all God wants me to have and be. I will have whatever is in God's will for me to have. Not if you don't do something, you won't.

It's not the will of God that any man should perish, but yet people perish daily because of their choices. Your success is not up to God it's up to you. Success is important, it's important to God and should be important to you. God demands that we be productive people. We are to continuously increase. He says in Deuteronomy He will make His people a thousand times more than they are.

Ok so that was a little side trip but coming back to the point of unsuccessful people who say success isn't important. It's just their way of making themselves feel better for not being successful because they've either given up on or don't know how to be successful and they want to feel that it's OK to be mediocre and some even go as far to say that their mediocrity serves God's purpose. God never said he takes pleasure in the mediocrity of His servant. He said He takes pleasure in the prosperity of His servant and those who favour His righteous cause. It's dangerous to your progress if you say success isn't important. Why? Well, if you told a friend they aren't important, do you think they'd stay around you? Why would they if they aren't important to you. Well, if you say success isn't important you repel it and it won't be around you. Anybody who says success isn't important doesn't have any. You can not have what you speak against.

The Secrets of The Successful Mind

What else do unsuccessful people do? They resent successful people! They say all manner of horrible things about them. They don't think of successful people as good people! Now if you want to be a good person and you think of successful people as bad, then in your mind you would have to make a choice between being good and being successful. But I'm sure you can agree with me there are good successful people, so fortunately you don't have to make that choice. You can be both and be of service to the Kingdom, so then what do you do. You look at the examples of people who are good and successful people!

What do good successful people do? Instead of resenting, they model their thoughts and actions after successful people! How are they able to do this?

Well unsuccessful people think either/or. I can either be successful or good.

Successful people think both. "I can be good AND successful" Sometimes unsuccessful people are afraid of being successful, because they fear losing time it's either/or. Either I am successful and have no time for anything or I am mediocre and have time to do things. Successful people think both... I can be successful AND have time to do things, spend time with God, my family, exercise, socialise, run my businesses etc. How do they do it? They work out a schedule and organise themselves so that they manage to honour ALL their commitments!

Write this Success step down: Whenever alternatives are presented to you... Get into the habit of working out, how you can have or do both!

I have another declaration for you: **"I can be loving, balanced and righteous and be excessively successful THROUGH Jesus in whom I can do ALL things"**

The other thing unsuccessful people do is something God can't stand and that is: Complain... God can't stand it, he detests it. Why because it shows a lack of what? Gratitude/Appreciation. It's weird how unsuccessful people will blame others, justify their position as something God wants for them and then complain. Unsuccessful people are always contradicting themselves. They are double minded and James says, "let not the double minded man expect to receive anything from God"

Back to complaining... What you focus on increases in your life. If you spend all your time complaining and whining about what you don't like, you will keep on producing the same fruit. When you complain? Are you focusing with what's right with your life or with what's wrong with your life? **What's wrong!**

And what do you get more of??? What's wrong with your life! Have you ever noticed that people who always complain seem to have a lot of unfortunate occurrences in their lives...? And what do they do complain some more! And it's not that they complain because they have a lot to complain about. They have a lot to complain about because they complain about! Grateful people tend to have a lot to be grateful for, because they are grateful! Remember nothing happens in the visible world without it happening in the invisible world first!

So here are some action steps I propose if you want to be SUCCESSFUL

The Secrets of The Successful Mind

#1 No complaining for 7 days (in your mind or out loud, when you feel to complain think of something you can be grateful for) Not only is this pleasing to God... It actually makes you feel better!

#2 Begin assuming responsibility for everything which is happening in your life! Say to yourself daily, "I am the creator responsible for the exact level of my success"

#3 Model the behaviour and habits of successful people. (Now God's word has shown us how to be successful... A good place to start is proverbs written by one the wisest man who ever lived, there are also loads of nuggets of wisdom God has woven in the scriptures, which illustrate the requirements for success implemented by successful people)

You can be a unsuccessful victim who blames, justifies, resents and complains or if you want to be a successful victor in which case you make the choice to: accept that your results are your responsibility, you refuse to settle for mediocrity, you model your thoughts and habits and you remain grateful for the rest of your life... It's your choice, but make sure you understand this... You can be a success or you can blame, justify and complain but you can never be both!

Life is an interesting game... And when you look at it this way it's more of a wonder why you can't win. Think about it, in your life you are the player on the team which wants you to win and the team which would prefer it if you played it safe and you are the referee who decides what the final verdict will be! How can you possibly lose, with such a biased advantage, (lol) the only way you can loose is if you CHOOSE to!

Successful people aim to win and unsuccessful people aim not to lose! Unsuccessful people play defensively, they are in survival mode, they do enough just to survive where they are. If you're into sports, you can tell me that a team which plays its game based solely on defensive strategies has a slim chance of winning the game! It all has to do with your intentions. A Successful person's intention is to win, an unsuccessful person's intention is to stay in the game, just hang in there!

So, write this down promise down which you will declare daily: "I am committed to crafting my life they way after the purpose God intends for it!" Don't be afraid of saying that either because, what God wants for you is a wonderful joyful, peaceful abundant successful life. When you delight yourself in the Lord and you want what He wants He will give you the desires of your heart!

INTENTION

Now intention is so powerful, that most people actually get what they intend to have and nothing more.

People whose intentions are for mediocrity have the intention of being COMFORTABLE. **Comfortable = death to success...** What's required to be successful

The Secrets of The Successful Mind

is completely different from the requirement to be comfortable. If you want to be successful you must meet the requirements of the successful.

Remember we are talking about intention. If you wanna hit the moon aim for the stars, and you're more likely to hit the moon than if you aim for the moon itself. Most people wanna hit the moon but won't even aim for the roof of their house! And they wonder why they aren't on the moon. Here's the problem: **"It's not that your goals are too high and you miss them... Your goals are too low and you HIT them"**

So, whatever your goals are aim 10x HIGHER, it's no harder to aim high than it is to aim low! Then you break your goal into smaller achievable steps! Now that make you uncomfortable but comfortable is death to success and uncomfortable gives birth to success. Ask your mother giving birth is uncomfortable!!! But it's so worth it when you get the baby!!!

Whatever goes through your mind when you set your goals 10x Higher is the state of your success blueprint talking to you! Your blueprint is the only thing holding you back from the goals you wish to achieve! So, it is imperative that you do the exercises I've shared with you!

So, from now on whatever your goals are set them 10x Higher... If you wanna hit the moon aim for the stars.

There are good reasons for being x10 MORE successful...

Success usually comes as a result of serving others.

Jesus came that we might have life and have it more abundantly, he became poor so we through his poverty might be rich! God is able to make all grace abound towards us that we may ALWAYS have all sufficiency in all things to meet every good work! Success will enable you to do things for the people you care about. Success is not just for your enjoyment and it's not for constant self indulgence and boasting. It's to be a blessing with. God said to Abraham I will bless you and you shall be a blessing. Honour God with your success by favouring His righteous cause for this is when God takes pleasure in the success and prosperity of His Children.

Another good reason for being x10 MORE successful is the development of the person who will become, in character, mindset and habit... A successful blueprint patterned after Jesus fit for service in the Kingdom of God. **"Who you become in the process of what you achieve is actually, MORE important than what you achieve"**

So, my suggestion is instead of settling for less, learn what it takes to achieve more, why? Because God is able to do MUCH more exceeding abundantly above ALL we can ask or THINK... but it is according to the power which works in us. The success blueprint within us. Instead of intending for less, intend for 10x more...

Write this declaration down and add it to your list of statements, which you will say daily: "I have a higher purpose for being successful"

The Secrets of The Successful Mind

The Process of manifestation or in other words how you create results

Your THOUGHTS lead to your FEELINGS which lead to your ACTIONS which lead to your RESULTS...

I'm sure you can agree with me, that we need action to succeed in this world. You know just imagining something won't make anything happen.

Let's look at the process of manifestation again, THOUGHTS and FEELINGS which are in the invisible world, start the process of what is to be manifested. RESULTS are the visible effects of the THOUGHTS and FEELINGS... So therefore, ACTION is the bridge between the invisible world and the visible world.

Most People fail to recognize the true significance ACTION really has... this is what makes the difference between those that wish they had something and those that actually have what they once wanted. You can imagine and visualise having what you want all day long, you can even think positively and optimistically during negative circumstances. But you won't be coming out of those circumstances and arriving where you REALLY want to be until, you walk across the bridge between the invisible world and the visible world by taking ACTION.

Now I'm sure you know this, but you know what, many people know this, deep down everybody knows, a dream without action is exactly that a dream... a dream which will never be a reality. So, what stops us from taking action, the very thing we know is crucial if we want a shot at ever experiencing what we dream about. The very thing which will take our dream from the invisible world to the visible world!

Come on say it with me, on 3... 1...2...3 F.E.A.R!!! It's fear, this is the only thing which prevents us from walking our dream across that action bridge to the visible world of pleasurable experiences.

What is FEAR? Doubt that what, what you want to happen won't happen. Or anticipation that something you don't want to happen might happen! The acronym for FEAR is False Evidence Appearing Real, the definition of fear is "the anticipation of pain"

Now answer me this, is anticipation for something which has happened, is happening or might happen? In other words, is anticipation for the past present of future. It's for the FUTURE, right? OK since we haven't got to the future yet, is the future real or imagined. The future is something which doesn't exist for us yet, it only exists in your mind. What you will do tomorrow only exists in your mind. There for if something you fear is imagined anticipation, it isn't technically a reality. It's nothing more than idea in your head. The mind's favourite phrase is "What IF?" What if this happens? what if I lose this? blah, blah, blah!

Your mind makes up stories about things which haven't happened and probably won't happen. Mark Twain said this, "I've had thousands and thousands of problems in my life, most of which never even happened"

The Secrets of The Successful Mind

Now... Why is it, that we will allow the anticipation of something we don't want to happen, (which by the way, might not even happen!) Stop us from enjoying the pleasure of experiencing all those wonderful feelings of actualised excitement, peace of mind, satisfaction, fulfilment, significance AND a sense of accomplishment!

Is it really worth, passing up on action to avoid the pain of something which might not even happen? Knowing that by making that decision, you are directly causing the definite pain of never experiencing what you REALLY want!

Whether the necessary action be investing in some knowledge about something which will guide your steps to where you want to be or whether it be, actually taking the action on the knowledge you acquired from investing in something, which will take you across the bridge of the invisible dream to the visible reality!

Is staying on the invisible side of the bridge for fear of what might not even be on the bridge worth missing knowing that you will never get to have what's on the visible side of the bridge! I mean really... think about it!

Here is a rude awakening the stuff on the visible side of the bridge isn't coming across the ACTION bridge to meet you in the invisible world. No Srrrrrii! The only way you are gonna get what's on the visible side of the ACTION bridge is if YOU cross it. One step in the right direction is worth more than 100 years of thinking about it! Successful people DO, what unsuccessful people ONLY think about!

You don't have to believe the what ifs of your mind. If, the what if is not supportive of your goal and will prevent you from moving towards, the place you want to be. Choose to act in spite of the What if.

What most people do is wait for the fear to go away before they are willing to act. And what happens is they wait forever... Galatians 5:17 says, "For the **flesh (or the mind)** lusteth against the **Spirit**, and the **Spirit** against the **flesh**: and these are contrary the one to the other: so that ye cannot do the things that ye **would**."

The flesh is like the mind saying what if, what if, what if, so that you're afraid to step forward and ignore the instructions from God, the Holy Spirit. Now although the what ifs are there and probably always will be, you can still act in spite and walk into what God has for you to receive.

2Timothy 1:7 says, "For God hath not given us the **spirit** of fear; but of power, and of love, and of a **sound mind**."

What I'm saying is it isn't necessary to get rid of fear in order to succeed. Successful people have fear, Jesus had fear, he had what ifs, when he knew he was about to be suffering chastisement and separation from His father and experience excruciating physical anguish but He overcame these fears, He was more concerned about the

The Secrets of The Successful Mind

greater mission he wanted to accomplish, he had love for the people he wanted to save. He crossed that action bridge.

He recognised He has the spirit of power and love and His sound mind had Him act in spite of fear. It was love which over powered the what ifs. When you fall in love with the image of a vision, you act in spite of fear being there. You don't have to get rid of the fear to act. Successful people have doubts, successful people have worries, they choose not to acknowledge them as significant and they just won't let those feelings stop them. Unsuccessful people have the exact same doubts and worries successful people have but unlike successful people they allow these feelings to stop them!

The key to success is this ACT in SPITE of False Evidence Appearing Real. Act in Spite of FEAR!

Now you need to develop a habit of acting in spite of fear! How do you do that? Practice... Practice challenging your what IF thoughts. You just rebel... "Yeah whatever, I'm doing it anyway... and you're not stopping me from enjoying the rewards for doing so..."

Allow me to share some words with you inspired by a well-known sports apparel company it says, "Do not resist chances, take them like vitamins, don't worry about the bumps and bruises YOU CAN take them, don't steer away from what scares you, go over, go under, go around or go through, do something others would be terrified of. You will feel your chin rise up from your chest and there will be one less thing you can not do, just do it..." It's interesting that Paul never asked that trying times be taken from Him, He always asked for the grace to go through it. God doesn't save you from problems which will be a great opportunity for the development of your character! Think about it he didn't save Daniel from the Lions den he took him through it! He didn't save Shadrach, Meshach and Abednego from the fiery furnace he took them through it. Ask God to help you through your problems. That the lessons learnt will be learnt and that you will develop as a result!

Keep practicing acting in spite of fear until, it's just a natural habit for you!

Practice acting in spite of discomfort, Practice acting in spite of inconvenience, Practice acting in spite of uncertainty, Practice acting in spite of FEAR.

Successful people consider themselves to be bigger than their problems. Don't try to get rid of your problems or avoid them, grow yourself so that you become bigger than ANY of your problems.

Let me share with you how this works. If on a scale of 1-10 you have a problem rated at 5 and you rate yourself as a 2. A problem rated 5 appears to be a Huge problem! However, if you happen to rate yourself a 7 and you have a problem rated 5. That same problem seems insignificant, you are bigger than the problem. You can handle it. When you get to a level 10 on the scale a level 5 problem is NO problem!

The Secrets of The Successful Mind

It's not about the size of your problems, it's about the size of Christ in YOU the hope of glory! As long as you keep growing yourself in Christ you are increasing your capacity to resolve issues, you are increasing your capacity to receive from God for His purposes. The bigger you grow the larger capacity you have to receive success.

At all points in time, you are either growing or dying. If you have a plant and it's not growing what is it doing? It's dying! So, you are either growing or dying, if you want to be successful, you must keep what? Growing

Successful people think... In order to keep growing you must keep learning! But unsuccessful people think, "I know already"

Let me tell you a secret, success leaves a trail of clues, there are successful people who have left their clues for you in books, CDs, DVDs, they speak at seminars etc. Learn from them. Why not learn from God the author of success, read His word. Read the words of God in Proverbs. All scripture is given by inspiration of God and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: That the man of God may be perfect, thoroughly furnished unto all good works.

Through the Word of God, you can learn how to do anything successfully, regardless of your age, gender, race or circumstances. Here is another declaration: **"I can grow myself in Christ the Word of God and learn my way to success"**

Keep growing, don't stay comfortable. When you get uncomfortable and step out into what's uncomfortable, it eventually becomes comfortable. So, if you're ever feeling too comfortable it's time to do something new and get uncomfortable again! If you're not uncomfortable you're not growing.

I have another declaration for you: **"I act in spite of fear... I have not been given the spirit of fear... I have been given a spirit of power and a sound mind... Therefore I act in spite of discomfort, I act in spite of inconvenience, I act in spite of uncertainty... I act in spite of anything"**

So, to recap your Blue print determines your results, you are the one responsible for your results so play to win, commit to success instead of mediocrity, model your thoughts actions after the habits of successful people, always think in terms of both instead of either or, Through Christ/Gods Word become bigger than your problems, keep growing and keep learning and continue to act in spite of fear

"Make the choice now to do the things, that are the actions of the person you wish to become. If you predetermine your decisions which predetermine your actions, You introduce a new program in your mind, when you make consistent conscious actions that are inline with the program you introduced, this eventually becomes a natural habit and is your way of life... And that is what a habit is a programmed predetermined decision"

The Secrets of The Successful Mind

Remember to repeat your declarations 3 times aloud each day, you will programme your mind into a successful blueprint review your notes for action steps and be sure to implement them and when you consistently follow these steps eventually your print out will replicate your blueprint. Your visible surroundings will resemble the new programme in your mind. Your world is a reflection of your mind.

AS a man thinketh in his heart... So is He!

According to your faith be it unto you... exceedingly abundantly above. If thou canst believe all things are possible. How far you go... How much you are capable of receiving is only limited to the capacity you have to believe!

In How to Increase your Capacity to Receive From God, I'm gonna go into depth How this works!

The **Secrets** of The Successful Mind

A PERSONAL NOTE FROM THE DESK OF ELLIOT ODLE

Dear Friend,

God's wish for US above all things is that WE prosper and be in health (3 John 2) Jesus came so WE may have life and have it more abundantly (John 10:10) Jesus became poor so YOU through his poverty might be rich (2 Corinthians 9:8)

Jesus died on the cross so the blessing of Abraham could come on every believer in Christ; who is Abraham's seed and therefore heirs according the promise, no matter who they are or where they live (Galatians 3) This is all so every family of the earth may be blessed (Genesis 12:3) God gives US the power to get wealth so He can establish His covenant. (Deuteronomy 8:18) Because He will build His church through prosperity Zechariah 1:17.

So, WE may see Matthew 24:14 comes to pass, "And this gospel of the kingdom shall be preached in all the world for a witness unto all nations and then shall the end come."

Meanwhile we are God's "ambassadors" to "demonstrate the kingdom with power." "Pulling down strongholds." So, it looks like Satan never came through town. The world is waiting for the "manifestation of the sons" "signs and wonders following." God's eyes search the earth to and fro looking for someone He can show Himself strong in.

God is coming back for a glorious church. A church abundant in finance and filled with Holy Spirit for direction a winning combination that cannot be stopped. Joel talks of a time when there will be an outpouring of Holy Spirit "upon all flesh," "we shall see visions and prophecy."

God has birthed in me His passion to get ALL believers spiritually and economically empowered to be God's elite **unstoppable** FORCE in this earth. HOT for God, in pursuit of righteousness, fully consecrated to God, filled with Holy Spirit; Filled with the LOVE of God going forth in the **Armour of God** having the **Fruit of the**

Spirit, abiding in the Vine walking in the Anointed One's Character...

On charge taking authority over every demonic territory pulling down strongholds putting every demon in that district to flight; and by the spirit of God, pioneer pillars of righteousness usher the spirit into every community, getting unbelievers born again, translated into the Kingdom of light believers who will experience the supernatural. I appreciate all your prayers and support and am always praying for you...

In His Service,

A handwritten signature in black ink that reads "Elliot Odle". The script is fluid and cursive, with the first name "Elliot" and last name "Odle" clearly distinguishable.

Elliot Odle
